Panter, Panter & Sampedro has been serving the South Florida Community for more than 20 years. Brett Panter and Mitchell Panter formed Panter, Panter & Sampedro to provide quality legal service in the areas of Personal Injury, Medical Malpractice, Product Liability, Premises Liability and many other types of law which enable the firm to represent people injured due to the negligence of others. The firm works on a contingency fee basis which means that there will be no charge to the client unless there is a recovery. We welcome questions for all types of cases as we have also formed the Panter, Panter & Sampedro Network which includes more than 85 lawyers from around the community with the ability to handle any type of case. Our referral network enables us to either assist you directly or to work with others that have the ability to handle your legal needs, no matter what type of case you are involved with.
